

Submitter: SANDRA MILLS
On Behalf Of: HB 225
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

Our state has high enough taxes and housing costs, this bill will only make the poor poorer. I used to work as a court clerk and there are many that already have a hard time paying fees to keep a license let alone pay for housing. This is over the top for so many people, I strongly disagree with adding more financial burdens to the people of Oregon.
