House Committee On Rules

Measure, Appointment or Topic:

SB243

Thank you for taking the time to read this i am in opposition of this bill not only would it turn people criminals over night that have done absolutely nothing wrong or even been a problem going after triggers but it is also written in complete ignorance second reason I oppose this bill is it attacks ccw holders and not the real threats or criminals when a ccw holder can respond faster the emergency services and would make them criminals if they don't see a sign im also in opposition due to the fact oregon doesn't have the infostructor right now to enforce new gun laws due to the incompetence for years in leadership with the money and the mishandling of the agency's and programs that keep it together some of are major cities the roads arnt getting taken care of public city pools library's etcetera etcetera all this is going to do is hurt the citizens and cause more victims its going to do exactly the opposite this bill was written to do which you say it was to save lives which it won't it will cost them

Thank you for reading your constituent Craig chambers
