On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am adamantly opposed to this bill. It will especially punish rural citizens who must drive longer distances. This is another blatant attempt to impose leftist ideology on middle class Oregonians, punish the poor and provide more funding for, already overfunded, pet projects. This anti-people, anti-business, anti-progress bill must not advance.
