Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I don't normally contact Oregon leaders. The Tax increase Bill HB 2025 is a killer for families in Oregon.

We do not need to raise the gas tax when the state is not broke.

PLZ do not vote in this bill!!!

Why not sell a few thousand acres of Or forests so timber can be THINNED, Forest fires decline like you have never seen before!! People go to work, Lumber is needed in Oregon to build and rehab homes!!! (WHY buy Can/ lumber when Oregon has miles of forests needing Thinning? )

NO NEW TAXES!!!!!! NOTA!!!

Respectfully,

Mark Zirkle, A Sr citizen, loves the outdoors, but we must Thin timber to cut the fire damage!!! No downside to not have fire stormes covering 2k to 10 thousand acres!!!
