

Submitter: James Walz
On Behalf Of: Common sense Oregonians
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

I am submitting testimony to encourage a NO vote on the gas tax increase. I could explain why I encourage a NO vote on this measure, but I know that my testimony will not be read or considered. And if we are successful in stopping the evil democrats from passing this bill, I know that if this goes to a vote of the people and passes to stop the gas tax, you will only find a way to weasel your way around it like you do the articles in the Constitution that were passed by the people. You hate Oregon and are completely evil democrats that can't pass a first grade math test.
