Joint Committee on Transportation Reinvestment June 13, 2025

Re: Support for HB 2025 - Transportation Reinvestment

Dear Co-Chairs McLain and Gorsek and Members of the Joint Committee on Transportation Reinvestment,

As a pro-housing group, Bend YIMBY would like to express our **strong support for the portion of this bill that provides needed funding for street infrastructure in Bend** that will help us build desperately needed housing.

Bend has done a lot right in terms of housing, utilizing almost all the tools the legislature has created in order to accelerate the creation of homes for working families.

But more is needed, and this funding will help us get there.

Thank you for your work

Bend YIMBY
