On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I strongly oppose this transportation bill, Oregon is being taxed to death on nonessential woke agenda bills. Where is all this money going? Why aren't we the citizens of Oregon voting on these measures? It seems very underhanded and manipulative. People in Oregon are fed up with the Governor and woke leadership in Oregon. Taxes should support citizen needs, not the Government woke agenda.
