

Submitter: Nancy Bolton

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I strongly oppose HB 2025. A 37.5% gas tax hike, \$70+ title fees, \$50+ registration fees, and driver's license fees skyrocketing up to 270% are outrageous. Tying the gas tax to inflation means prices will keep rising every year. I pass empty buses and max trains all the time. Bike lanes are good, but we don't need more of those. This state needs to figure out how to rein its spending in- Oregon's cost of living is already too high—this bill will bury us deeper in debt. Please reject HB 2025 and protect all Oregonians now.
