

Submitter: Eve Richer

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My name is Eve and I'm a resident of Bend. I'm writing to express my support for funding walking and biking infrastructure. As a parent, I want to feel safe biking with my child to parks, daycare, and other destinations. A well-connected network of trails and multi-use paths is not a luxury—it's essential infrastructure for health, safety, equity, and sustainability.

I hope you will prioritize infrastructure that helps families, kids, and non-drivers get where they need to go safely. Thank you for your time, and for your leadership on a transportation future that works for all Oregonians.

Sincerely,  
Eve  
Bend, OR
