Measure, Appointment or Topic: HB2025

I cannot fathom how the legislature thinks that raising the cost of many of our required fees in this state by huge sums is a sound idea. This smacks of deaf and blind leadership who have no concern for how their decisions affect the lives of real people all across this state. As I have said before, perhaps you could consider what you can do for the people of Oregon instead of to the people of Oregon. Vote no on this bill!
