On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Thank you for this opportunity to testify.

Transportation is the central link to not only our communities, but the wider world around. Likewise, it not only effects our communities, but the surrounding ecosystems as well. Please support all facets of this measure, with particular attention to clean transportation, safe bikeways, and electrified transit that can positively effect climate change. Also safe wildlife crossing are a benefit to everyone, humans and animals alike. Truly, this measure is a win, and should go forward in it's fullest form to enhance lives, both human and animal, throughout our state.

Respectfully submitted,

Susan Conner
