

Submitter: Donald Demers

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

To whom it may concern,

I pay gas tax every day to drive in Portland roads, tolls are double taxation. I see millions of dollars waisted on small town intersection crosswalk corners that are completely unnecessary. Why should I believe that the toll tax money will not be just waisted in the same way? Maybe you should raise the tax on electric car mileage since they do not pay gas tax. You created this problem, not the working people of Oregon.

Sincerely,  
Don Demers
