

Submitter: Bruce Benjamin
On Behalf Of: All retired seniors
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

As a retired Senior I live in Oregon City and am on a fixed income. This toll will place a huge burden on myself and all people who live here. A trip to the market, a doctor or dentist visit, or drive to Costco, or to the Social Security office, will result in a toll for local residents. This is unacceptable and punitive treatment for those who have been longtime residents who already pay property and gas taxes. I am against the toll for any local resident.
