

Submitter: Fawn Robertson

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

If Oregon State cannot make due with its current budget then we need to take a page from the federal government and create a Department of Government Efficiency. The waste has gone on too long and spending more money will only create more waste and misappropriation. More taxes will hopefully bring on greater scrutiny of our bloated and wasteful system.
