Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

To the Oregon Legislators, and rest of Oregon Government,

The HB2025, new Transportation Package Is terrible over a Billion taken from our pockets We don't want it at all. Use the money you already have have do what its supposed to be used for Budget it spend it right and stop asking for more. The Oregon Government is ruining this State and its People, Making people homeless, even seniors and disabled people Clackamas county gets 15 housing vouchers for the whole County 487465 people. Quit signing bills we don't want at all. We want to vote on any new taxes or charges. You guys are not doing things per Constitution where we are the voice, again we want our voice back, less taxes and for you to do your job correctly working for us not against us.

I am Completely Opposed to HB2025, the new Transportation Package. As a whole lot of others and those that have not heard about it as its not real public knowledge. Everyone should be opposed as it harms the people of this State. I am disabled and this and proposed rent increase would make me homeless. PLEASE Oppose this bill and Do whats right for the people.

Oppose HB2025, Oppose HB2025, Oppose HB2025, Oppose HB2025, Oppose HB2025 !!!!!!!!!

Hope you will oppose this.
