

Submitter: Margot Kelly

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My name is Margot Kelly from West Linn and I am writing regarding HB2025. As a resident of Oregon and a citizen of the United States, we elect officials to office to represent us. That's what a constitutional republic is. With that said, I cannot imagine why anyone would vote for representatives to raise our taxes. This bill goes way too far and we Oregonians are fed-up with the high cost of living you are all imposing on us! Vote NO on HB2025!
