

Submitter: Jodi Merritt

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I urge you to oppose HB 2025. We do not need increased fees and taxes, we need responsible spending, management and oversight. You cannot continue to demand your constituents pay more and more taxes without tightening your belt and stop wasting money. Mismanagement does not mean more taxes. No one HB 2025!
