I strongly oppose this bill. It places an unfair burden on working families and those of us that live in the rural areas. There are no transit systems that serve our rural areas - communities and we are having to pay for something that we get zero benefit from. We also have to drive further to receive services which means we have to pay more in fuel taxes than those who have access to taxpayer subsidized transit and pay very little. This bill needs a no vote. Working families are saddled with enough expenses and taxes. This bill just places them further in the hole. I urge a no vote on HB 2025.

Respectfully
