hat in th worl are any of you thinking. It's obvious to me none of you really get the problem. TBy putting your present ideas and load them onto right our rights GARENTEED BY THE CONTSITUTION is strpping us of our rights to lawfully hunt and to protect our homes from break ins, fullishment 100 %. If this bill that his mostly brought by lies and speculation from people that probably live in a highrise and don't walk the streets in the evening. We live in the country on 68 acres and at best 20 miles from any police protection. We are our own protection. Who's gong to strip the gang members and crooks of their weapons????? Don't ask local law enforcement for help for they can't do NOW.

If you are anywhere near sucesfull in passing this bill you will be tied up in courts for years at whose expense? You all pay taxes also. It will most definitely go to US Supreme Court where it will be thrown out. What will you do then?
