

Submitter: Chris LaVoie

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1196

We need to make it easier for people to recreate and get services to support them. People need to be more responsible for. their choices, to stay aware and make choices that fit their circumstances. While holding people liable for their negligence that hurts others is good, curating a mentality that no one takes responsibility for their own choices is not in our countries best interest.

We need fair and balanced policies that promote a greater sense of personal responsibility, especially when it comes to outdoor recreation.

Local tourism is a primary driver for many communities, without this bill, affected businesses will likely go out of business due to rising costs of insurance.

Many rural businesses are not large and they often serve niche markets. Especially new ones trying to get established. We need this.
