

Submitter:	Connie Dunham
On Behalf Of:	Dunham Ranch LLC
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB3940

To the members of this committee, passage of HB 3940 will help rural landowners with the cost of fire suppression. The current drought conditions are already putting a strain on farmers and we don't need more taxes and rates to pay. We need the wildfire map to be totally redone to complement this also, as many areas should not be in the current catagories and are causing insurance rates to skyrocket.

Thank you, Connie Dunham
