What kind of clown circus is the bill supporting?

Why would legislators support making it harder for a minor party to become a major party?

The only thing this bill supports is Democrats and Independents.

It supports Democrats because less people will likely defect knowing the minority parties cant become major parties with such a high treshold.

Independent party like it because then their elections can be held in person requiring voters travel to the location to nominate their candidates, meaning only the hardcore supporters will attend the nomination meetings.
