

Submitter: Debi Ferrer

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3940

Thank you for removing some of the undesirable funding sources from the original bill. The -A21 and -A24 amendments improve the original bill, but I think there are better funding sources than oral nicotine products for a host of reasons.

Please continue to consider other funding sources that will provide more stability for the longer term - such as the kicker (SB 1177) and a timber severance tax (SB 3489).

Thank you.
