Measure, Appointment or Topic: HB3962

This is yet another short sighted bill put forward by the usual suspects looking to grab as many tax dollars as they can for their own partisan pet projects. Oregon is one of the most beautiful states in America and tourism is one of the most resilient industries bringing revenue into this state and to Oregon businesses and employing Oregonians. This industry needs revenue to support it to make sure it can grow and flourish.

This short sighted bill stealing money meant for promotion of tourism, paired with a 15 million tax increase will crush Oregon. I urge a NO vote from any legislator that might still be interested in doing what's best for Oregon and not their own personal agenda
