Measure, Appointment or Topic: HB3962

Please vote No on HB 3962 and keep the majority of transit taxes focused on tourism in our state. We do not have other funds directed strictly to encourage tourism in our cities and counties, and by re-directing these funds to general funds, our state will potentially suffer from a lack of tourism and a healthy economy - especially for small towns that depend on tourism for their livelihood. With so little income directed specifically to encourage visitors from out-of-state, this tax is very necessary to many of our local communities for healthy employment and economic stability. It would be a great disservice to pull these funds for general use that will not promote tourism.
