

Submitter:	Jill Brandt
On Behalf Of:	Quit now
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SCR1

You've already declared the T-bone as the state steak (SCR 13), designated February 11, 2026, as Oregon Wheat Day (HCR 12), declared making April Oregon Native Plant Appreciation Month an emergency (SB 547) and gave unemployment benefits to union members on strike (SB 916). What else is there left to do? Please, stop while you're ahead. Actually, please stop before you bring in more legislators on hospice with stage 4 brain cancer to pass HB2025 with its \$15 billion expense to the taxpayers of Oregon.
