Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB2271

This comment is for SB106 - which cannot receive public comment due to the blatant antidemocratic action and cowardice of those who wrote the late amendment in to discontinue Preschool For All. At a time of record housing cost and record inflation, working families need the help of PFA. The program has helped my family to stay on our feet and is set to continue being a resource to other families like ours where both parents work but because of out of control cost of living expenses in Multnomah County and nationwide, cannot afford childcare. I would urge our senators to listen to the constituents who ALREADY VOTED THIS PROGRAM IN and not pass SB106.
