

Submitter: David Wall
On Behalf Of: Mr Oregon OPPOSES SCR 1
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SCR1

I OPPOSE [SCR 1].

From the Text of [SCR 1], "Be It Resolved by the Legislative Assembly of the State of Oregon: That the 2025 regular session of the Senate and the House of Representatives of the Eighty-third Legislative Assembly is adjourned sine die."

I really hate to spoil your party but your work is not done.

Screwing the taxpayers with [HB 2025 (2025)] for whatever reason you utter, even though [HB 2025 (2025)] is a House of Representatives piece of Legislative crap is still 'No' excuse to folding your tent and getting out of town. The Senators on the 'Joint Committee on Transportation Reinvestment' should be tying House Representatives to a whipping-post and have at it. However, the Milquetoast Senators did not do so.

*** "The Legislative Assembly of the State of Oregon" should have known or did 'know' the piss-poor shape of ODOT's budget and 'fixed the problem' well before the end of the, "...Eighty-third Legislative Assembly is adjourned sine die." However, you did not do so. All of you tried to do is to screw the sleepy taxpayers by hastily pushing through [HB 2025 (2025)] as you gasped your "...Eighty-third Legislative Assembly is adjourned sine die..." last breath.

*** You can easily reallocate budgeted money from the Housing and Community Services Department's bloated budget to the Oregon Department of Transportation's budget without screwing the Taxpayers to cough-up money for Roads and Bridges maintenance.

*** Oregon is in dire financial straits and needs to end funding the "Welfare State."

On another serious matter...

*** The Oregon Legislative Information System [OLIS] needs to be reconfigured 'NOT' to shut off accepting Public Testimonies so quickly.

*** The time 'shut-off' should be extended through "Work Sessions" thereby increasing and including additional public testimonies posted and shared. Most Oregonians 'DO NOT' have the time to research the 'TEXT' and formulate a response to submit Testimony.

*** Even accepting Testimonies during your 'Work Sessions' would add additional perspectives to your decision making on a particular issue.

Mr. Oregon Concur and says, "Focus on fixing OLIS for next session. [HB 2025 (2025)] should be fixed using the aforementioned budget reallocation. Enjoy a safe summer, go to county fairs and have some fun before you come back to work to screw us poor taxpayers all over again."
