

Submitter:

Leslie Bliss Ketchum

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

HB2977

We have an obligation to meet the critical funding needs and important actions HB2977 can support. From invasive species response, to wildlife connectivity - these problems need our support always, but particularly in the face of dramatically reduced federal funding. Please, for the good of all Oregonians, move HB2977 forward.
