

Submitter:	Jill Brandt
On Behalf Of:	No sales taxes
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	HB3940

Of the first 300 written testimonies (before the house vote), 276 were of opposition to the bill - yet, it still passed. Do voters in this state really have a voice?

Oregon is a NO SALES TAX state. If you want to make it a sales tax state, fine, but remove income and property taxes. You can't have all three, the people won't stand for it.

Manage forests with logging and you won't need as much funds to fight forest fires, plus our economy will be stronger.

Senators, vote NO on HB 3940.
