Measure, Appointment or Topic: HB2977

I would like to give testimony in support of the 1% lodging tax that would continue to help protect Oregon's natural resources through the State Wildlife Action Plan including important funding for invasive species control measures throughout the state. I work in the natural resources field and keeping out invasive species hotline and other educations resources available is key to our ongoing fight to enhance and care for Oregon's treasured natural areas.

Thank you SO much for hearing my testimony.
