Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

HB3390

I strongly oppose this house bill. We do NOT need more legislative control. We do NOT need you to dictate what ballot titles say and how descriptions are written for people's referendums. You work for the people. You are public servants. Oregonians are sick of being controlled. I thought democrats opposed 'kings'?! This is absurd! We the people have had enough!
