Oregons politicians will not survive their evil deeds. It's obvious their intent is to drive every American Citizen from Oregon. Portland has witnessed closure of all grocery chain stores while Chinese Groceries increased 3X. The CCP have infiltrated every position of power & now are moving to make Oregon Communist. The federal government will be required to conquer Oregon State from the foreign powers that conquered. If Oregons Politicians keep this up in force then the current national administration will respond. Keep up the communist power moves Oregon Gov't. Push it hard & fast. Time is of the essence.
