

Submitter:	Jeff Kropf
On Behalf Of:	Stop the fox guarding the henhouse
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	HB3390

Stop gaming the system with this law that allows the legislature mislead voters on the effects of any tax repeal referendum. It only discredits you in the majority even further in the eyes of anyone paying attention, like the voters who polling shows don't want to pay more for road taxes. This bill will be remembered for what it is, the fox guarding the henhouse.
