HB2977

i am writing to urge you to Please support HB 2977. This bill is widely supported by many different groups in the State of Oregon. This 1.25% tax will not increase the cost of living for Oregonians and keeps Oregons TLT rate low. This bill will help protect Oregon's natural resources by providing stable funding for conservation work throughout the State. This is so important to me because I volunteer in a large wildlife rehabilitation center that takes in 5 to 6 thousand animals a year. They are an important resource in the community for injured and orphaned wildlife and the good Samaritans who find them. Thank you so much for your consideration.
