HB3392

I, and many other Oregonians, are fed up with the deceit of the Democrats. These limits and their implementation were agreed to as a compromise. This bill stands as a monument to the unscrupulousness of the Democrats. The flood of dark money into our political system in the last decades paved the way for the fascist republican regime that now controls Washington DC. The democrats were equal partners with the republicans in its creation through their eagerness and willingness to accept corrupt money. I have personally spoken to young democrats who are disillusioned with their party because of actions like this and were thinking of breaking from the party. This bill will certainly validate their negative feelings and push them to follow through.
