Measure, Appointment or Topic: HB3392

Please do not let the politicians that want to keep the voting hidden in dark money. There is no reason to receive money (donations) in the dark. If it is from a legitimate source, publish it, make it public record. If it is not a legitimate source it must not be used in the election. Dark money is never legitimate, it always comes from bad actors.

Thank you for your time and consideration in this important matter.
