

Submitter: Dan Rubado

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB2977

I support passage of HB 2977 as it would sustainably fund ODFW's wildlife crossings program. This is an important step to conserve wildlife species for future generations. Roads are a huge source of mortality for wildlife and disrupt their migratory patterns and access to critical habitats. We need roads as a society, but we also need wildlife. Let's fully fund wildlife crossings so that both can coexist. Our current direction is unsustainable and will result in losing wildlife species across our region.
