Measure, Appointment or Topic: HB2977

I am writing to ask for your support for HB2977 and specifically support for the funding to include wildlife crossings.

Highway 82 dissects our ranch in Wallowa County. We witness countless carcasses along the road on a daily basis which not only has a negative impact on wildlife populations, but is a growing concern for traffic safety.

The lodging tax is important for local & rural communities that does not burden the residents that live in the places that people enjoy visiting.

Thank you for considering the support of this important effort.
