

Submitter: Rachel Chase

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB2977

This is a very modest funding solution to a very important problem. We need to stand as guardians for wildlife. We humans are part of nature, not separate from it. When we destroy it, we destroy life. Therefore we destroy ourselves. Let's prioritize life. I am willing to pay a bit more tax on lodging in Oregon in order to preserve and protect the most valuable resource we have, nature.
