Measure, Appointment or Topic: HB2977

I am in support of doing all we can to protect wildlife. Wildlife around the world is under siege from many threats. It is estimated that there are 70% fewer wild animals than when I was in high school, and that 70% of bird species are in decline. Oregon has been a leader in the past regarding environmental legislation and I hope that we will be able to celebrate the passing of this bill.

Thank you, Jim Lebo
