

Submitter: David Johns

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB2977

I support passing HB 2977, which increases the lodging tax, to support Oregon wildlife program. Many visit Oregon because of its wildlife. It is reasonable that visitor funds should go supporting Oregon wildlife.

Wildlife have paid the cost of more people and more roads. Wildlife should gain some benefit from the human changes impose on the state. Non-game species should especially benefit from this revenue, via funding wildlife habitat, etc.
