We are a single income household with 5 children. We can just barely afford to pay for the things we need to live a safe and healthy life as it is. My husband works hard for our money and we don't qualify for government handouts - and we'd rather earn our own money, KEEP our own money, and pay for things ourselves! But if this nonsense passes, we may seriously be financially forced to move to a cheaper state. If the Oregon government truly needs more money, it needs to figure out how to budget the money they already take from us before they ask for another cent from hardworking Oregonians! You can't ask us to scrimp and save and budget to get by when you won't do the same thing with our tax dollars.
