Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Hi, I strongly oppose taxation without a vote from the citizens. This bill is enormous and should be sent to the voters. I am not impressed with the amount of taxation and wild spending the Democrat party has done here in Oregon over the years. This is one of the few states where one-party rule exceeds three decades, yet there is always an emergency. I call for a complete audit of spending in all Oregon bureaucracies... Get it together!
