

Submitter: Max Belousov

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

This will be a nail in the coffin for Oregon. The lawmakers are out of touch with reality and the economic consequences for the citizens and businesses alike. If this passes, I hope Oregon gets it nice and hard, like Detroit. The idiots working on this Bill have gone completely full retard. Never go full retard. Enjoy your scraps as people and companies with the means move out; leaving a bunch of enabled penniless drug addicts to roam the streets.
