Measure, Appointment or Topic: HB2025

This Bill is too much!!! This Bill will be kill upper middle class families and down. This Bill will kill small and medium sized businesses. Oregonian already are struggling with cost of living, taking more out of their paychecks will be detrimental and for many people devastating. The hardships you all are putting onto your citizens is shameful. Please budget ODOT accordingly have ODOT operate within a budget. Schools and municipalities have had to make changes and cuts, it's time for ODOT to do the same.
