Chris Beatty

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

HB2977

Please pass HB2977. I am a resident of Oregon and stay at various places around the state and think that the increased tax is warranted. Many people including me enjoy seeing wildlife. Travelers are also part of the problems for wildlife due to road networks, car collisions with wildlife, and transportation emissions that degrade habitat. Let's do more to protect and enhance Oregon's wildlife.
