

Submitter:

Tima Rabinovitch

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

HB2977

In Support of HB 2977

At the present stage of ecological threat to our natural surroundings, I feel it is important to do everything possible to protect our wild places, the features that make Oregon so special. The small additional transient tax will not be a hardship for folks coming to enjoy and marvel at Oregon's natural beauty.
