

Submitter: Jen Brusa  
On Behalf Of: Small Business Owners  
Committee: Joint Committee On Transportation Reinvestment  
Measure, Appointment or Topic: HB2025

Hello, my name is Jen Brusa, and I'm the owner of Beloved Cheesecakes in Albany and Canby.

I'm writing in to let you know I strongly oppose HB 2025.

This bill is a massive tax grab—on gas, vehicle sales, registrations—that hurts the people who can least afford it. As a small business owner, I already feel the squeeze of rising costs. This would only make it worse. We depend on vehicles to run our business—deliveries, supplies, transportation—and every new fee cuts deeper into our ability to survive.

It's not just business owners. Rural families, low-income workers, seniors—they'll all pay more just to get to work, school, or the store. This bill punishes them while offering no real relief or alternatives.

I urge you: vote no on HB 2025. It's bad policy. It's bad timing. And Oregonians deserve better.

Thank you.

Jen Brusa
