

Submitter: Andrew Schaffer

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

You government idiots need to be held to any standard of business ever instead of creating problems, externalize the blame, then ask for money which hasn't solved the problem ever. Oregon doesn't need new taxes, it needs new non-criminal leadership all around. But it especially doesn't need this bill.
